

We at Electric Rainbow Entertainments will always put Safety first, so to avoid disagreements on the day **please Please PLEASE!!!!**

**MEASURE YOUR GARDEN Carefully BEFORE WE COME TO DELIVER**

**Thank you.**

**Bouncy Castle Space Required to Erect a bouncy castle Safely**

<u>12'</u>	<u>Elves</u>	<u>Unit Height</u>	<u>Total Space required</u>
Blower & Inflation Tube	6 feet long	<b>13 feet 6 inches High</b>	<b>13'6" High</b>
Front Safety Fall off Mats Castle Length including Step	3 x 6 feet each mat <b>13 Feet 6 Inches Long</b>		<b>21'6" Long</b>
Castle Width WITH SAFETY area 18 feet	<b>12 feet Wide to the pegs</b>		<b>18' Wide</b>

It is Recommended that a space of 1 metre or 36 inches is left clear around the whole of the castle to allow for the castle to "SWAY" from side to side.

Thank you.
