

We at Electric Rainbow Entertainments will always put Safety first, so to avoid disagreements on the day **please Please PLEASE!!!!**

**MEASURE YOUR GARDEN Carefully BEFORE WE COME TO DELIVER**

**Thank you.**

**Bouncy Castle Space Required to Erect a bouncy castle Safely**

	<b>14 Foot</b>	<b>Unit Height</b>	<b>Total Space required</b>
<b>Blower &amp; Inflation Tube</b>	6 feet long		<b>20 feet Wide</b>
<b>Front Safety Fall off Mats</b>	3 x 6 feet each mat		<b>26 feet 3 inches long</b>
<b>Castle Length including Step</b>	17'3" Back To Front	<b>11 Feet &amp; 6 Inches</b>	
<b>Castle Width</b>	14 Feet Wide		

It is Recommended that a space of 1 metre or 36 inches is left clear around the whole of the castle to allow for the castle to “SWAY” from side to side.

Thank you.
