Bouncy Castle Space Required to Erect a bouncy castle Safely

<u>16'</u>	<u>Medieval</u>	<u>Unit Height</u>	<u>Total Space required</u>
Blower & Inflation Tube Front Safety Fall off Mats Castle Length including Step Castle Width	6 feet long 3 x 6 feet each mat		

It is Recommended that a space of 1 metre or 36 inches is left clear around the whole of the castle to allow for the castle to “SWAY” from side to side.

Thank you.
