

We at Electric Rainbow Entertainments will always put Safety first, so to avoid disagreements on the day **please Please PLEASE!!!!**

**MEASURE YOUR GARDEN Carefully BEFORE WE COME TO DELIVER**

**Thank you.**

**Bouncy Castle Space Required to Erect a bouncy castle Safely**

	<u>Fun Run</u>	<u>Unit Height</u>	<u>Total Space required</u>
<b>Blower &amp; Inflation Tube</b> The blower on this unit can be used on either side	6 feet long		12'5" feet Wide
<b>Front Safety Fall off Mats</b>	3 x 6 feet each mat		x
<b>Castle Length including Step</b>	28' (8.5m) Back To Front	11 Feet (3.3m)	33' feet long
<b>Castle Width</b>	9' 5" (2.8m) Feet Wide Also add 3' (1m) for children to run back on to the castle		

It is Recommended that a space of 1 metre or 36 inches is left clear around the whole of the castle to allow for the castle to “SWAY” from side to side.

Thank you.
